PARCELLE SUD

The *Parcelle Sud* reserves reveal the typical flavors of the Southern part of the Rhône Valley. They are produced on the very first Meridional parcels of the Estate, on the AOC Côtes du Rhône, a rich Terroir with old soils and deep deposit of clays.

On 44 parcels, 11 grape varieties blossom there, creating every year a colorful and tasty kaleidoscope of wine. Each parcel is like an ecosystem, allowing us to make a natural vinification.

In result, wine from *Parcelle Sud* are always opulent and fruity, with lots of roundness – a highly savory melody !

**The PARCELLE reserves are the classical reserves of the Estate,
the Minor and Major Scales of the composer-winemaker!**
